

Don't Leave Me As I Am

©Andrew and Rachel Bennett 2007

V1

I will wait upon You
Lay all I am at Your altar
I lift my hands before You
My whole life I surrender

PRE-CH

I lay down these dreams of mine for You
Come fill this space I leave for You

CHORUS

More of You in me
I can't get enough
Your love is all I need
Your eternal touch
Don't leave me as I am
I am Yours forever, Lord

V2

Your words are living in me
You transformed my life forever
You're more real than I ever dreamed
I've found my home in Your presence
