

Gotta Move On

© Andrew Bennett 2007

V1

My eyes are fixed on you
To catch your every move
And follow you
Gotta move on
I won't stay here another day

V2

I can hear you say
To live higher in your ways
And walk with you
Gotta move on
I won't stay here another day

CH

My life is yours
I'm decided
My heart is yours
Undivided

BR

You called me to come
And I'm gonna run
Gotta move on
I won't stay here another day
You called out my name
And I'm not the same now
Gotta move on
I won't stay here another day
