

## **The Great Escape**

© Andrew and Rachel Bennett, Dan and Leah Pringle 2008

### **V1**

Well I was wandering the road of loneliness  
Runnin' down the highway blind  
You took me to the edge of the world  
You brought the morning light

### **CH**

Heaven overflows  
A song that won't let go  
The great escape where I can run  
Under open skies  
Flooded by Your light  
Lost inside Your love  
My only One

### **V2**

You called my name out from the cross  
You pulled me in when I was lost  
Shameless now I'm so alive  
I can feel You in the air tonight

### **PRE CH**

Praise, praise, praise You all the day  
My never ending song of faith will make a way for You
