Whoa, whoa, whoa

V1

Your love covers the earth it touches everything
Your love covers a multitude of sins
Your love endured the cross
For a world so undeserving
Your love paid my way it cost You everything

V2

Your love crossed the divide from eternity
And not a thing on this earth
Could separate it from me
Your love finds a way to me
When the strength of my heart is failing
Your love will never fail
There is nothing like

CH

Your love, your love
The power over me
Your love, your love
Has won me over
Your banner over me

Ch 2

Your love, your love
The power over me
Your love, your love
Is like a river rushing in from the sea

Whoa, whoa, whoa

BR

When I'm drowning
You're walking on the sea
Your hand reaches out and rescues me
